

兔抗 NPL 多克隆抗体

中文名称：兔抗 NPL 多克隆抗体

英文名称：Anti-NPL rabbit polyclonal antibody

别名：NAL; C112; NPL1; C1orf13

相关类别：一抗

储存：冷冻（-20℃）

抗原：NPL

宿主：Rabbit

反应种属：Human, Mouse, Rat

标记物：Unconjugate

克隆类型：rabbit polyclonal

技术规格

Background:	This gene encodes a member of the N-acetylneuraminat e lyase sub-family of (beta/alpha)(8)-barrel enzymes. N-a cetylneuraminate lyases regulate cellular concentrations o f N-acetyl-neuraminic acid (sialic acid) by mediating the reversible conversion of sialic acid into N-acetylmannosa mine and pyruvate. A pseudogene of this gene is locate d on the short arm of chromosome 2. Alternatively splic ed transcript variants encoding multiple isoforms have b een observed for this gene.
Applications:	ELISA, IHC
Name of antibody:	NPL
Immunogen:	Fusion protein of human NPL
Full name:	N-acetylneuraminat e pyruvate lyase (dihydrodipicolinate s

	ynthase)
Synonyms :	NAL; C112; NPL1; C1orf13
SwissProt:	Q9BXD5
ELISA Recommended dilution:	5000-10000
IHC positive control:	Human liver cancer
IHC Recommend dilution:	25-100
