

## 兔抗 GK 多克隆抗体

中文名称：兔抗 GK 多克隆抗体

英文名称： Anti-GK rabbit polyclonal antibody

别名： GK1; GKD

相关类别： 一抗

抗原： GK

储存： 冷冻（-20℃）

宿主： Rabbit

反应种属： Human, Mouse, Rat

标记物： Unconjugate

克隆类型： rabbit polyclonal

### 技术规格

<b>Background:</b>	The protein encoded by this gene belongs to the FGGY kinase family. This protein is a key enzyme in the regulation of glycerol uptake and metabolism. It catalyzes the phosphorylation of glycerol by ATP, yielding ADP and glycerol-3-phosphate. Mutations in this gene are associated with glycerol kinase deficiency (GKD). Alternatively spliced transcript variants encoding different isoforms have been found for this gene.
<b>Applications:</b>	ELISA, IHC
<b>Name of antibody:</b>	GK
<b>Immunogen:</b>	Fusion protein of human GK
<b>Full name:</b>	glycerol kinase
<b>Synonyms :</b>	GK1; GKD
<b>SwissProt:</b>	P32189

ELISA Recommended dilution:	2000-10000
IHC positive control:	Human colon cancer and Human liver cancer
IHC Recommend dilution:	100-300
